WHY ADMIRAL KAUTZ

Was Sent to Samoa With the Warship Philadelphia.

NOT TO RESTORE TANUS

But to Meet Treaty Obligations—He Is to Make Careful Examination of Existing Conditions in the Island and Report the Facts to Authorities in Washington.

Washington, March 11.—It is denied positively at the state department that Rear Admiral Kautz has gone to Samoa on the Philadelphia to restore the status quo existing before the last dispute, to depose Mataafa and restore Malletta Tanus even if force is necessary to accomplish these objects. It is said that the admiral has gone to Samoa to meet the treaty obligation that is imposed upon the United States to send a warship there at least occasionally as an evidence of the interest held by the United States in the islands. While there he will make a careful examination of the conditions in the islands and look into the event leading up to the installation of the provisional government, reporting all the facts to Washington. It is not expected that he will be a disturbing element and endeavor to make arbitrary changes, but he will prevent bloodshed and protect life and property.

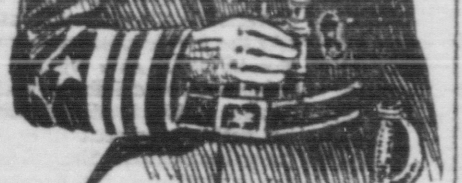

It was for just such a purpose as this that the treaty of Berlin required each of the signatory powers to send a warship from time to time to the islands, though up to this point the United States government has failed almost completely to meet its obligations in that respect.

Full reports from the officials concerned have been received at the state department, concerning the recent trouble at Samoa, and negotiations based on them are now in progress.

DEWEY'S WORK
What the Admiral Has Accomplished and Is Expected to Do.

Washington, March 11.—A naval official in discussing the work of Admiral Dewey and the talk of his desire to come home said the navy department has not considered any one as his successor. The official said:

"Dewey has established himself in Manila; he has assisted in the taking of Iloilo; he has sent forces to Cebu, in connection with the army; also to Negros; the principal ports of the Philippines have all been taken over into American possession in large part

through his co-operation with the army. There remain only a few ports of importance, notably Zamboanga on Mindanao, and perhaps one of the towns in

GETTING READY

Every expectant mother has a trying ordeal to face. If she does not

Mother's Friend

is the best help you can use at this time. It is a liniment, and when regularly applied several months before baby comes, it makes the advent easy and nearly painless.

It relieves and prevents "morning sickness," relaxes the overstrained muscles, relieves the distended feeling, shortens labor, makes recovery rapid and certain without any dangerous after-effects.

Mother's Friend is good for only one purpose, viz.: to relieve motherhood of danger and pain.

One dollar per bottle at all drug stores, or sent by express on receipt of price.

Free Books, containing valuable information for women, will be sent to any address upon application to

THE BRADFIELD REGULATOR CO., Atlanta, Ga.

the Sulu archipelago, to be occupied. Expedition are now moving in these directions and that branch of the work will be soon closed up.

"There will remain only two more phases of the campaign to require Dewey's assistance. First, and near at hand, is the driving off of the Tagals under Aguinaldo near Manila. With Lawton landing yesterday at Manila with his reinforcements and the other reinforcements expected soon, General Otis' movement in force is near at hand. The navy will aid in this. Ships can be placed in proper positions on the shores of the bay of Manila to command the country for miles, and by co-operation with the army, through the agency of the signal corps, the insurgents can be shelled out of the jungles many miles inland by the warships.

The next and last feature of Dewey's task will be the establishment of a close blockade to prevent munitions of war or supplies from reaching the insurgents, providing there are any insurgents remaining after Otis and Lawton have made their forward move. When this has been done, when there is nothing further in the way of fighting for the warships to do, it is believed that then Dewey's task probably will be regarded as finished by himself, and it will be time for the navy department to consider the question of a successor to the command of the Asiatic station.

To Prescribe His Own Uniform.
Washington, March 11.—Admiral Dewey has been instructed to prescribe his own uniform for the exalted rank to which he has just been appointed, although it is not believed he has given much attention to the matter of uniform of late. His flag is blue with four stars set in the shape of a diamond. By a special act of congress, passed in the closing hours, Admiral Dewey will receive the pay of the last general of the army.

AMBIGUOUS

Paragraph in Army Reorganization Law Made Clear.

Washington, March 11.—One of the paragraphs of the army reorganization act contained authorization for the enlistment again of the volunteer troops now in the Philippines. It was stipulated that these troops should be re-enlisted only for a period of time necessary to replace them by regular troops, in no case longer than six months. The question has been presented to the war department of whether or not it was able, under this provision, to avail of the services of the officers of the volunteer regiments as well as of the enlisted men until the troops can be replaced by regulars.

The law officers of the department have concluded that the word "enlist" employed in the act was used in a broad sense and that therefore the president has authority to take over all the volunteer regiments now at Manila and other points in the Philippines into the service of the United States in organizations with their full complements of officers and men.

It has been represented that the volunteers there are longing to return to the United States and to private life. The officials say that this is a mistake. General Otis has reported that the men, volunteers as well as regulars, do not want to come home, but are anxious to fight and crush the insurgents. Nearly every company has suffered through the wounding of some of its members at the hands of the sharpshooters and they are anxious to make the account even.

Were Private Citizens.

Washington, March 11.—Despite repeated rumors to the contrary, the war department has no intention of taking official action in the case of the Tenth (colored) infantry and other regiments that have been making trouble in transit through the south since their discharge. In contravention of the story that a court of inquiry was to be appointed to inquire into the matter, it is pointed out by the officials of the department that the men who have been making the trouble are no longer soldiers of the United States. Having been mustered out, they are private citizens in the fullest sense.

War Fatalities.

Washington, March 11.—The following statement has been issued, showing the total number of deaths reported to the adjutant general's office between May 1, 1898, and Feb. 28, 1899: Killed in action, 829; died of wounds, 135; died of disease, 5,277. Total, 5,731.

LITTLE DELAWARE

Likely to Be Without a Senator For Two Years.

Dover, Del., March 11.—The Democrats and regular Republicans who have been such important factors in the triangular senatorial fight, had an understanding last evening which amounted to an agreement to disagree, but to leave Delaware with only one Senator at Washington for two years. "What do you regulars propose to do?" asked the Democrats. "If you will support Senator Gray, or give him five votes more in recognition of his services to the nation at this critical time, we will support him to a man."

This was declined by the regulars, but they agreed if the Democrats wanted to weed out Addicks, to give them one more opportunity by taking up Colonel Dupont again, for whom some of the Democratic assemblymen had expressed a desire to vote. The Democrats said no to this, and the result is that they are voting for whomever they please, while the regulars have again brought Colonel Dupont into the fight. The Democrats, therefore, will not again take up Senator Gray as a unit, because they realize the necessity of leaving the senatorship an open question for two years hence, and the importance of arousing the enthusiasm of the leading Democrats by votes for them today and Monday, the last days of the session.

ALARMING CONDITIONS

Said by General Henry to Exist in Porto Rico.

Chicago, March 11.—The Tribune today prints the following special correspondence from San Juan, Porto Rico, from a Tribune correspondent under date of March 1: The real situation in Porto Rico is not understood. The war department has just requested of General Henry a report of how many regular troops he could spare. The One Hundred and Forty-seventh New York started home last Sunday. The regular regiments remaining are so scattered that where there is necessity for a strong force only a corporal's guard can be mustered. Other territories, where there are continual mutterings and discontent at American rule, are unguarded.

General Henry is in a dilemma. He has only three regiments of troops—the Eleventh infantry, the Nineteenth infantry and the Fifth cavalry—and two batteries of the Fifth heavy artillery. "I need twice the troops I have," said the general, "because of the easy victory of our troops here in the war and the apparent friendliness of the natives to American soldiers when they invaded the island, a notion prevails in the states that there is little necessity for a strong force to maintain order in the island. The idea is erroneous."

"The conditions here are alarming. These people have been given every opportunity, but they have thrown them aside. They are clamoring now for local self-government. They are no more fit for local self-government than I am to run a locomotive. More troops are needed in the island. The seeds of discontent planted by professional agitators are rapidly growing, and can be kept down only by a strong military force. "The ill-feeling between the natives and the American troops seem to grow stronger every day. The American officers have to maintain the greatest vigilance to prevent their men from wreaking vengeance on the natives, and especially on the native police for acts of violence that are continually committed against the troops."

COLD STORAGE PLANT

Bids to Be Opened For a Mammoth Establishment at Manila.

Chicago, March 11.—Chief Quartermaster Lee of the department of the lakes will open bids March 30 for the erection of a large refrigerating plant and ice-making machine at Manila under the plans and specifications recently revised by experts. Proposals for constructing the plants were received a month ago and forwarded to the authorities at Washington, but were rejected because the specifications were not explicit in describing the style of apparatus desired.

The revised plans call for a refrigerating plant with a capacity for 1,000 tons of beef, 200 tons of mutton, 50 tons of butter, 50 tons of canned goods, 100 tons of potatoes and 100 tons of bacon. The ice-making plant will be capable of turning out 40 tons of ice daily.

Unique Breach of Promise Suit.

Urbana, Ill., March 11.—Mrs. Malinda Hoover has been granted \$1,000 in a breach of promise suit against Alexander P. Whitmore by the county court. Mrs. Hoover is 58 years old and her fickle suitor is 65. Both are prominent in this vicinity. Gushing letters of the defendant were read in court. Whitmore did not deny that he had promised to wed Mrs. Hoover, but testified that the engagement was broken by mutual consent before he wedded Mrs. Susan Tucker, his present wife.

Horse Sale.

Cambridge City, Ind., March 11.—At the Lackey horse sales here yesterday, Daisy N, owned by William Herron of Wyoming, O., was sold to B. O. Davis of Brooklyn for \$805.

GEN. GOMEZ EXPLAINS

Why There Are So Many Officers on the Rolls in the Cuban Army.

PREPARING THE PAYROLLS

Official Denial That General Brooke Intends to Require Cuban Military Assembly to Discontinue Its Meetings—Gomez Asked to Explain His Conduct to the Assembly.

Havana, March 11.—The only obstacle now in the way of paying off the Cuban troops is the completion of the rolls, a work which is being hastened by Inspector General Roloff. He says that in some cases the rosters of the commands must be created, as the old rosters are either missing or too defective to be useful. He points out that the insurgents often have no paper, pens or ink.

General Gomez explains that 6,000 commissioned and 10,000 noncommissioned officers are relatively large numbers in an army of 82,000 privates, but that these officers, in many cases, received their appointments because the Cubans have had no other way of recognizing bravery and stimulating enthusiasm.

"It may seem," he said, "a cheap sort of promotion, but it meant a good deal to the Cubans."

General Gomez continues to produce an excellent impression upon the American military authorities.

The stories printed here and elsewhere to the effect that Governor General Brooke intends to require the Cuban military assembly to discontinue its meetings are officially denied. Another secret session, though it is said there was no quorum, was held yesterday. Yesterday a committee appointed by the assembly called on General Gomez to ask an explanation of his conduct and a definition of the understanding reached between him and General Brooke, which the committee declared had prevented a successful issue of the assembly's financial project. General Gomez declined to comply with the request.

Whether General Brooke's message declaring that the United States will not recognize any financial obligation entered into by any persons claiming to represent the people of Cuba, without the president's authorization, was delivered to the assembly, has not yet developed, but it appears that the members of the assembly fear that this message will be followed by others of a more stringent nature. The session today will be public and the business will be an explanation of what has been done in secret session and a discussion of the course of General Gomez.

TURNED BANDITS

Workmen of Santiago Thrown Out of Employment.

Santiago de Cuba, March 11.—The results of the policy inaugurated at Havana, of discontinuing public works in this province and throwing men out of employment, are beginning to show. Six bandits have been captured in the neighborhood of Concepcion, all of whom were formerly workers in the road gangs. They say they have no money and must either rob or starve. They have been lodged in the city jail, but considerable sympathy is displayed in their behalf by the populace.

Much the same sort of thing is happening in the district of Holguin, where a brush between bandits and gendarmes resulted in the killing of one of the former. Nevertheless, it is not expected that these troubles will take a serious turn, owing to the probability that work will be resumed early next week.

METAL POLISHERS'

National Organization Preparing to Demand Higher Wages.

Cleveland, March 11.—Officials of the National Metal Polishers', Platers' and Brassworkers' union, with headquarters in this city, state that 50 organizers have been sent to the larger cities throughout the country in order to strengthen their organization for a big fight for higher wages. They will demand an advance of from 15 to 20 per cent within a short time. It is claimed that the profits of the employers have lately increased 50 per cent and they can well afford to pay better wages.

HOLE IN HIS POCKET

Banker Loses \$5,000 on the Streets of Omaha.

Omaha, March 11.—Thomas Officer, of the banking firm of Officer & Pussey of Council Bluffs, yesterday lost a roll of bills on the streets of Omaha. The roll contained \$5,000, which he had just drawn from the First National bank of this city and placed in an overcoat pocket. He had only walked a few blocks from the bank when he discovered his loss and instituted search, but no trace has been found of the money. It slipped through a hole in his pocket.

BEEF INVESTIGATION

Court of Inquiry Visits More Packing Houses in Chicago.

Chicago, March 11.—The court of inquiry resumed its work regarding beef yesterday by continuing the investigation of processes of preparation at the stockyards. Several more of the packing houses were inspected, most of the time being spent in examining the methods of one of the companies which deals exclusively in canned goods. The various stages from the killing of the beef to the labeling of the cans were witnessed.

ROYAL BAKING POWDER

ABSOLUTELY PURE

Makes the food more delicious and wholesome

ROYAL BAKING POWDER CO., NEW YORK.

SWAMP LAND BILL

Knott's Measure Becomes a Law Without the Governor's Signature.

DEATH OF A FAMOUS TWIN

Jealous Husband Shot by His Wife's Former Husband at Bloomfield. Several Head of Cattle Cremated. Swallowed Mercury—Succeds Rev. John Rettig—State Health Report.

Indianapolis, March 11.—Governor Mount yesterday filed with the secretary of state the Knott's bill without his signature, thus allowing it to become a law. The bill provides that money received from the sale of swamp lands shall be applied to the drainage of lands bordering the Kankakee river.

JEALOUSY

Results in Grant Parker Being Shot by H. P. Gayhart.

Bloomfield, Ind., March 11.—Horace P. Gayhart, a half-breed Cherokee Indian, late yesterday attempted to kill Grant Parker, using a double-barreled shotgun. Parker is a colored man, and he married the divorced wife of Gayhart, a colored woman. Gayhart called at Parker's house to see his own child, and Parker found him there and started toward him with a club, calling him names. He threw the club and then picked up an ax and started for Gayhart, when Gayhart shot. Gayhart then reloaded the same barrel and again fired, shattering Parker's right arm. Some of the shot also penetrated his breast and shoulder. The wound is serious. Both men have threatened each other's life. Gayhart is under arrest. There were several witnesses to the tragedy.

HEALTH OF STATE

Reports From Sixty-One Observers. Smallpox and Meningitis.

Indianapolis, March 11.—The state board of health has reports from 61 observers indicating, as compared with January, a slight decrease in area of prevalence of influenza, pneumonia, bronchitis, pleuritis, scarlet fever, diarrhea and whoopingcough. Same reports show a slight increase in meningitis, inflammation of the bowels, erysipelas, diphtheria and croup and intermittent fever. Meningitis has prevailed to an unusual degree in Vanderburg and Posey counties, being very fatal. Puerperal fever doubled in area of prevalence. Smallpox appeared in the following counties: Vanderburg, Clark, Sullivan, Greene, Daviess, Floyd, Jefferson and Marion. No fatalities from this disease have thus far been reported throughout the state.

FAMOUS TWIN DEAD

Richard McGriff, Thought to Be the Oldest in the United States.

Portland, Ind., March 11.—Emerson McGriff received a telegram yesterday announcing the death of his father, Richard McGriff of Deerfield. Richard McGriff was one of the famous McGriff twins, supposed to be the oldest in the United States. They were born in Preble county, O., Aug. 31, 1804. For years their birthday anniversary has been observed by large gatherings of relatives. John McGriff, the surviving brother, was at the bedside of Richard when the end came. The death was due to exhaustion. A stroke of apoplexy several years ago impaired his mind.

Against the Louisville Company.

Rushville, Ind., March 11.—The suit of the Sulzer-Vogt Machine company of Louisville, to foreclose a lien of \$1,400 on the waterworks plant was decided yesterday by Judge Fitzpatrick in favor of the city. The debt was contracted by the Howe Pump and Engine company of Indianapolis in putting in the Rushville waterworks plant. The Howe company failed, compelling the Louisville company to sue the city.

Casket Combine.

Cincinnati, March 11.—It is stated that agents have negotiated with the large casketworks here, but that no options have yet been secured. Local manufacturers state that the New Jersey corporation will have a capital of \$25,000,000; that J. Pierpont Morgan will float the bonds, and that numerous casket factories in Ohio and Indiana have given options.

Pensions Granted.

Washington, March 11.—Pensions have been granted to Indians as follows: Original—Richard Thompson, National Military hero, Grant, \$6. Additional—Thomas Jones, Muncie, \$9 to \$8. Reissue and Increase—Thomas A. Gossett, Jamestown, \$24 to \$72. Restoration and Reissue—Jonas Hockstetter, Peru, \$12. Original Widows, Etc.—Susan A. Swain, Sylvania, \$12; Sarah E. Ferguson, Lebanon, \$8.

Succeds Rev. John Rettig.

Fort Wayne, March 11.—Rev. B. Ruf of Berne has been elected superintendent of the Orphans' home of the Reformed church in this city. He takes the place made vacant by the death of Rev. John Rettig. Rev. J. Hooser of Archibald, O., succeeds Mr. Ruf as treasurer of the board.

THE AMERICAN BOY

Rankin Good, the Promoter, Asked to Make a Financial Statement. Cincinnati, March 11.—During the past year The American Boy association was organized for the purpose to secure funds for a battleship to be named "The American Boy." Congress adjourned last Saturday without rendering this association the assistance by appropriation that was anticipated. This week The American Boy association, through its national committee, decided to resume the work of making collections with a view to completing its work without governmental aid. Meantime several young men have insisted that Rankin Good, who has acquired a national reputation as a promoter of the movement, and others should give an accounting of the financial condition.

Mr. Good says it is impossible to state how much money has been raised, as it was held in different places awaiting the action of congress. Superintendent Morgan states that the Cincinnati schools raised over \$1,600 for the American Boy fund and he thinks it due the contributors that a financial statement ought to be published. It is even intimated that there may be an application for a receiver of the fund until some final disposition is made of it.

Mr. Good belongs to a family of high standing here and has spent over \$1,000 of his own funds in canvassing. He paid his own expenses while in Washington this winter seeking the co-operation of congress.

Failed to Agree.

Pittsburg, March 11.—The scale committees of the coal operators and miners organizations of the Pittsburg district held several meetings yesterday, but adjourned sine die without having accomplished anything.

Several Head of Cattle Cremated.

Union City, Ind., March 11.—The large barn belonging to George Siple, near here, was destroyed by fire, together with contents. Several head of cattle were cremated. Loss, \$7,000.

Swallowed Mercury.

English, Ind., March 11.—Thomas Galloway, near West Fork, attempted suicide because his sweetheart had married another man, swallowing mercury and cutting his wrists. He may live.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package. CALIFORNIA FIG SYRUP CO. SAN FRANCISCO, CAL. LOUISVILLE, KY. NEW YORK, N. Y. For sale by all Druggists.—Price 50c. per bottle.

THE BEST OF THEM ALL

LIPPINCOTT'S MONTHLY MAGAZINE

Contains a complete novel in every number, in addition to a large quantity of useful and entertaining reading matter.

No continued stories, which are so objectionable to most readers. It should be in every household. Subscription, \$3.00 per year.

THERE is something about a dyspeptic stomach that makes one sour, cranky, makes the eyes see green, makes the brain dull, and the lines of the face drawn. These feelings may be overcome by the use of

Pabst Malt Extract

The Best Tonic

which not only wards off dyspepsia and indigestion, but cures many cases of long standing by toning up and helping the stomach. How many a cheerful smile, rich joke, and merry tale have emanated from a former dyspeptic who has had the blessed privilege of using this preparation! A man forgets that he ever had a stomach when he uses The "Best" Tonic.

At all drug stores.

Still Hunting Prosperity.

There are a few benighted newspapers in the country that profess to be still hunting for prosperity, and they ask when it is to come. They should glance at some of the conditions in Pittsburgh. The clearing house exchanges for the first two months of 1899 mount up to the enormous sum of \$240,000,000, which is more than double the exchanges for the first two months of 1892, the year against which all comparisons are made.

The demand upon the mills of Pittsburgh, which have been improved and repaired to keep them up to advancing modern standards, is such that orders are turned away nearly every day in the week. No hurry orders can be accepted, and some of the mills are practically full of contracts for the remainder of the year. The largest mills have sold their capacity until late in the summer, and the smaller ones are not far behind. Factories are enlarging, and hunting new territory upon which to build additional plants.

But with the transactions doubled in value and the improved and enlarged mills working to their capacity, with orders crowding for the future, and no signs of any changes in the conditions except to grow more imperative, the man who still asks for indications of prosperity would be satisfied with nothing short of free silver for every fellow who came along with a bucket to carry it away.—Pittsburgh Times.

Made a New Man of Him.

BRYAN, Ohio, Jan. 13, 1897. Gentlemen:—For years I had been suffering from indigestion. Had a poor appetite and could not eat anything containing grease and had constantly had a worn out feeling. After using three 50c bottles of Dr. Caldwell's Syrup Pepsin I am now able to eat anything my appetite craves and can say it has made a new man of me. ELI BOWEN.

May Leave the Santa Fe.

There is a report from Pueblo, Colo. to the effect that J. J. Frey, general manager of the Atchison, Topeka and Santa Fe system would, on March 15, assume the presidency of the Kansas City, Pittsburg and Gulf Railroad, succeeding Mr. A. E. Stillwell, is pronounced by local officials of the Gulf road to be entirely without foundation. President Stillwell is at present in New York City, where he is preparing plans for a proposed reorganization of the Kansas City, Pittsburg and Gulf road, and its northern connections. General Manager Robert Gillham says that Mr. Frey's reported connection with his road was entirely untrue and that Mr. Stillwell would remain at the head of the road. Mr. Gillham said he was at a loss to understand how the report started.

Mr. Frey is at present somewhere in Old Mexico.

The Pueblo report stated that Mr. Frey had resigned as the general manager of the Santa Fe system, effective March 15, and would be succeeded by Supt. Charles Dwyer, of that road, now located at Pueblo.—Globe-Democrat.

Stop the Leaks.

The Governor has appointed John C. Wingate, of Montgomery county, to succeed I. N. Walker on the State Tax Board. It is to be hoped that the new member will not think it is his whole duty to hunt up new things to tax, but may find a little time to the study of methods for reducing the tax rate. There is an immense amount of talent available in inventing new ways to spend taxes. What is needed is some robust treatment to stop some of the old leaks, and prevent new ones. There is a chance to earn the gratitude of the taxpaying public.—Rushville Republican.

Headache for Forty Years.

For forty years I suffered from sick headache. A year ago I began using Celery King. The result was gratifying and surprising, my headaches leaving at once. The headaches used to return every seventh day, but thanks to Celery King, I have had but one headache in the last eleven months. I know that what cured me will help others.—Mrs. John D. Van Keuren, Saugerties, N. Y.

Celery King cures diseases of the Nerves, Stomach, Liver and Kidneys. Sold by druggists, 25c and 50c.

COURT NOTES.

The case of Loring A. Williams vs. G. W. Bunch, — Mayberry, R. A. Brashears and Jas. H. Lay, tried Thursday, was decided Friday. Judgment in favor of plaintiff was rendered against Bunch and Mayberry, two of the defendants.

The case of Anna Becker, admr. vs. E. & O. S. W., to adjust a contested street assessment at Ewing was settled by agreement Friday, and judgement for \$400 rendered in favor of plaintiff. The railroad offered to compromise on same terms at last term of court.

The Man on the Corner.

Today a stranger has been disposing of bargains from a goods box at the corner of Second and Chestnut streets. He did some business too, because those who bought thought they were getting things cheap. But if they will now go to any merchant in town and price the same grade of goods they will find that they paid the stranger a good price. He is making a good profit else he could not travel from place to place, pay board and traveling expenses and license fees. The home merchants are the ones to see for bargains that you can count on.

DIED.

MCCAIN—Mrs. Andy McCain, of Free-town, died Thursday night of consumption aged 26 years. A husband and two children survive. Deceased was a daughter of Isaac Smith.

CRANE—Walter Crane, a trusted and efficient brakeman of the B. & O. S. W., died at 4 o'clock Saturday morning at his home at Osgood of cancer of the throat, aged 31 years. Deceased was held in high esteem by the management of the road and by the railroad boys generally.

Exchange of Real Estate.

Gus Cordes has purchased the business property owned and occupied by Robert W. Irwin on Second street for \$4,700, and sold to Mr. Irwin the Casperline residence property on the corner of Fifth and Pine streets for \$2,450.

May Examine the Books.

Judge Alpaugh has decided that the county assessor has a right to make an examination of the books of the Co-operative Building and Loan Association to ascertain whether or not all the stock has been listed for taxation in accordance with the law. The decision is in line with recent decisions of the supreme court.

"God Bless the Duke of Argyll." "You Americans," said the Scotchman, "suffer from an itch for notoriety."

"An itch for notoriety," responded the American with spirit, "is better than a notoriety for—"

But at that point they clinched.—Indianapolis Journal.

A DEADLY CANE.

An Innocent Looking Instrument Which Would Destroy Life.

"Anarchists of the physical force school find it now and again irresistible to brag of the powerful things they have used or are going to use," says a writer in The Ludgate. "We will suppose that some aristocratic person has been chosen as a victim. The exact pattern of his favorite walking stick would be noted as occasion arose and a fac simile of it prepared—that is to say, so far as mere outward appearances were concerned."

"The interior would really be an infernal machine. Inside the hollow of the stick would be a metal flask containing a liquid which could emerge only from a small orifice at the top of the flask. The flask would be imbedded within a substance which would explode the instant that the liquid referred to came into contact with it."

"When an opportunity occurred for the stick to be substituted for its innocent counterpart, the handle would be unscrewed to a slight extent, thus allowing a space for the liquid to flow out, which it would do when the stick was held in a horizontal position. Most men occasionally carry their sticks in this way. So, when the victim took his supposed usual stick from the corner in which it had been placed upright, he might walk about with it for a long period without encountering actual harm, but once let him hold it horizontally or twist it in the air there would be—well, you can imagine the result."

Steeple Clock Dials.

Difficulty is experienced in accurately reading the time of elevated clocks on account of the distance between the minute hand and the figures. Seen from below, the apparent reading may be a minute or two wrong, when the hand is not at 12 or 6 on account of this distance. The perspective throws the hand out of position and gives it an apparent upward position. On the first quarter this makes the reading slow, on the last quarter fast. A proposed method of correcting this is to make the clock face concave so that the tip of the hand will almost graze the figures. Then the time can be accurately read from below.

(Recommended by nurses.)

Hope for the Sick

The strongest desire of the sick is to get well. Nobody in good health can realize the intensity of this longing.

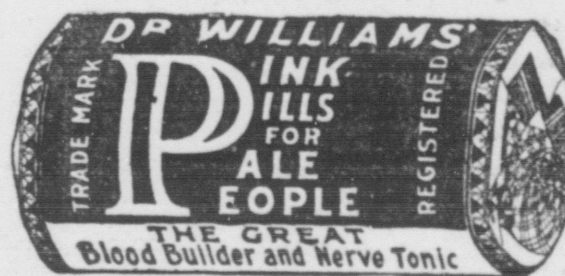

It is so strong that unless relief comes it turns to hopelessness—and hopelessness kills.

Certainly no one can afford to neglect a remedy that brings hope to the hopeless, strength to the weak, health to the sick; a remedy that, like Dr. Williams' Pink Pills for Pale People, gives absolute proof that it has cured every form of disease it is advertised to cure.

You can obtain the proof upon application, stating your trouble and giving your address. No sufferer from any disorder of the blood or nerves should fail to write us.

Read the story of Mrs. L. E. Browning, of Pueblo, Col.: "About two years ago I was very sick with blood poisoning, caused by an abscess that had not received proper treatment. The disease for a time settled in my throat causing intense agony. Then inflammatory rheumatism set in. For four months and a half I was most of the time confined to my bed. My hands were swollen so that I could not feed myself, and the swelling in my feet and ankles made walking impossible. After considerable treatment, my physician brought me a box of Dr. Williams' Pink Pills for Pale People. 'You need a tonic,' he said, 'and this is the best medicine I know of for that purpose.' 'In less than a week I noticed a great improvement. Soon my rheumatism was gone, I grew stronger each day and now am in the best of health. I consider Dr. Williams' Pink Pills for Pale People, the best tonic I have ever known.' (Signed) 'Mrs. L. E. BROWNING.'

The genuine are sold in packages only, the wrapper printed in red ink on white paper.

Fifty cents per box at druggists or direct from the Dr. Williams Medicine Co., Schenectady, N.Y.

SATURDAY, MARCH 11, 1899.

INDIANAPOLIS expects to celebrate Dewey day, May 1, the anniversary of the battle of Manila.

Who would ever have suspected a week ago, that the Sentinel would be making its daily appearance now. For didn't it die a death blow?

It is evident that the manufacturing industries are regaining some of the prosperity they enjoyed before the election of Cleveland in 1892. The wages of thousands of laborers have been raised during the past few days.

At this time Vernon township has only a few miles of gravel road, but when the contracts awarded Friday are completed the township will have sixteen or eighteen more miles of road all of which are needed. Good roads are a benefit and the progress in that line in Indiana the past few years has been remarkable. Let the good work go on as fast as the people can pay for them and not be burdened.

If a citizens' meeting is called to consider questions of interest to Seymour, there should always be a creditable attendance of representative men. Everybody should be interested in the business opportunities and possibilities of our city and be ready to respond whenever reasonable requests are made.

The township trustees of Jackson county should begin to prepare now for the provisions of the new law relative to the length of school terms. This new law provides that the minimum length of the schools shall be six months or 120 days. The provisions of the law are not unreasonable, for school terms should be at least 120 days. Too many trustees have neglected the schools and not provided sufficient funds for them. They have made high levies for other things at the expense of the district schools, the most important part of their official duties. We believe that the law will be the means of doing much good and will be popular with the people.

People are in the city today from every township in the county transacting business and purchasing goods. The people appreciate the advantages in Seymour to both buy and sell.

Members of Boards Reappointed.

Governor Mount yesterday afternoon announced the reappointment of Mrs. Charles M. Walker and Miss Isabella Roacher as members of the board of managers of the Industrial School for Girls and the Woman's Prison. Their appointments date from March 4 and the term is four years. The board of managers of the Indiana Reform School for Boys at Plainfield was also reappointed. These men are General George F. McGinnis, of Indianapolis; William Ball, of Terre Haute and George A. H. Shideler, of Marion.

Does Coffee Agree With You.

If you drink Grain-O—made from pure grains. A lady writes: "The first time I made Grain-O I did not like it but after using it for one week nothing would induce me to go back to coffee." It nourishes and feeds the system. The children can drink it freely with great benefit. It is the strengthening substance of pure grains. Get a package today from your grocer, follow the directions in making it and you will have a delicious and healthful table beverage for old and young, 15c and 25c.

Drawing His Dividends.

It is said that John Overmeyer got all his bank stock back that he transferred just before he came out as a democratic candidate for congress. John will have to transfer again likely, as it is understood he is a candidate for the nomination next year.—Columbus Republican.

RAILROAD RUMBLINGS.

Freight picked up lively last night from the west.

Five gravel trains will be put on the B. & O. S. W. Monday between Vincennes and Cincinnati.

Section foreman Charles Richardson today put down a new crossing at the intersection of the B. & O. S. W. and J. M. & I. tracks.

The recent purchase of 58,000 tons of 85 pound steel rails brings the total amount of rails bought in the past two years for the B. & O. up to 115,300 tons, enough to lay 870 miles of track. The Southwestern division between Parkersburg and St. Louis will have 40,000 tons of rails to lay this spring.

The Southern Indiana Ry. now has two steam shovels at work handling earth to fill the big trestle in the north-east part of town. One is located at the old place north of Larter's and the other at the east end of the big cut east of the trestle. Two engines and two train crews are kept busy handling the cars as they are filled at the shovel, and pushing the earth off on the fill with a huge plow dragged with a cable by a locomotive. A new sort of plow which throws all the earth on one side of the track has just been put in use.—Bedford Mail.

SHE SANG FOR DEATH.

The Pathos and Tragedy of Emma Abbott's Passing Away.

One night in the city of Denver, located at the foot and in plain view of the Rocky mountains, Emma Abbott was billed to appear in "Faust." In the same city a most attractive and beautiful 18-year-old girl, belonging to one of the wealthiest families, lay in the last stages of that fell enemy of the human race—consumption. Some weeks before the arrival of the company she said to those around her: "Oh, I hope the sun will shine and the weather will be warm and genial, so I can hear Miss Abbott sing once more. I think I could then pass away peacefully and without one single regret." But there came with the queen of the lyric stage a northern hurricane—with the very air charged with icicles, which penetrated the lungs. Some one told Miss Abbott of the grievous disappointment of the dying girl. She went to the opera house and never sang more sweetly, and as soon as it was over and the audience dismissed called her carriage and directed it to drive to the home of the young lady.

The scene which followed was worthy of the finest brush ever wielded by the grand old masters. There lay the dying earth angel, with pallid lips, hectic cheeks and lustrous eyes and the light of immortal beauty shining upon her face. Standing beside her, in one of her richest robes (the one she had worn that night), sparkling with pearls, rubies and diamonds, stood the almost divine mistress of earthly melody.

The first piece rendered was "The Old Folks at Home," and then followed "I Know My Redeemer Liveth." The finale of this weird scene was "Rock of Ages Cleft For Me, Let Me Hide Myself In Thee." And then Miss Abbott bent over the frail form and kissed her an eternal farewell. Soon after the spirit passed into the wild winds which rang through the wild mountains near by—set sail for that haven from which the first homeward bound bark is yet to be seen—the stainless soul wafted to the stainless heavens by the sweetest music ever heard on earth—into the melodies of paradise birds.

Miss Abbott returned to her room at the hotel and retired. Some time during the night she awoke with a pain in the left lung. It rapidly grew worse. A physician was summoned. Then another, and another, who applied every remedy they could command. All to no purpose. It was typhoid pneumonia in its worst form. The black camel was kneeling at her door. Angels of the heavenly choir had that night listened to her voice in the sickroom and sent for her to come home to them.

In three days that voice which had so often raised the souls of men and women to the noblest, the grandest heights in holy ecstasy, was forever stilled in death—gone forth into—the night.

So fades the summer cloud away,
So sinks the gale when storms are o'er
So gently shuts the eye of day,
So dies the wave along the shore.

—H. C. Stevenson in Atlantic Constitution.

WINE OF CARDUI

HEALTHY OLD AGE.

LARUE, BENTON CO. ARK., Aug. 4.
I am 40 years old and have been suffering with Change of Life. I had flooding spells so bad that none thought I could live. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it.
MRS. E. B. TOWNSEND.

Wine of Cardui

It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Health can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers. It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand.

LARGE BOTTLES OF WINE OF CARDUI
SOLD FOR \$1.00 BY DRUGGISTS.

WINE OF CARDUI

WEBSTER'S INTERNATIONAL DICTIONARY

Hon. D. J. Brewer, Justice of U. S. Supreme Court, says: "I commend it to all as the one great standard authority."

It excels in the ease with which the eye finds the word sought; in accuracy of definition; in effective methods of indicating pronunciation; in clear and comprehensive statements of facts and in practical use as a working dictionary.

Specimen pages, etc., sent on application.

G. & C. Merriam Co., Publishers, Springfield, Mass., U. S. A.

INTERNATIONAL DICTIONARY

An Important Question.

If your friends or neighbors are suffering from coughs, colds, sore throat, or any throat or lung disease (including consumption), ask them if they have ever used Otto's Cure. This famous German remedy is having a large sale here and is performing some wonderful cures of throat and lung diseases. No matter what other medicines have failed to do, try Otto's Cure. Large sizes 25c and 50c. Sold by all druggists.

Lung Irritation

Is the forerunner to consumption. Dr. Bell's Pine-Tar-Honey will cure it and give much strength to the lungs that a cough or a cold will not settle their wretchedness at all good druggists.

Try Allen's Foot-Ease.

At this season your feet feel swollen, nervous and hot, and get tired easily. If you have smarting feet or tight shoes, try Allen's Foot-Ease. It cools the feet and makes walking easy. Cures swollen and sweating feet, blisters and callous spots. Relieves corns and bunions of all pain and gives rest and comfort. Try it today. Sold by all druggists and shoe stores for 25c. Trial package FREE. Address, Allen S. Olmsted, L. Roy, N. Y.

Eagle, The Rag or All Birds.

Is noted for its keen sight, clear and distinct vision. So are those persons who use Sutherland's Eagle Eye Salve for weak eyes, styes, sore eyes of any kind or granulated lids. Sold by all dealers at 25 cents.

Term Ended.

The Jackson circuit court adjourned Friday evening for the term, and Judge Alpaugh returned to his home at Salem. The March term of the Washington circuit will open Monday.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Paper Hanging.

At reasonable rates. Call on W. H. Zimmerman, east Second street. m9d6t

The Indiana State Legislature,

Is now in session passing laws that affect your personal interests, and

CONGRESS

Is in session passing laws that affect your country's interests. The present session of Congress will be one of the most important, if not THE most important, in the history of the country. The whole world is watching

Will the Peace Treaty be Ratified? Shall we Build the Nicaraguan Canal? What Shall be Done With the Philippines?

These and many other vitally important questions as to the future policies of the United States of America will be answered in the columns of

THE INDIANAPOLIS JOURNAL.

The JOURNAL is the best paper for Indiana readers. It pays especial attention to Indiana members of Congress and to Indiana's interests. There are cheaper papers from out of the State, but they pay no especial attention to these matters.

Delivered by agents all over Indiana at 20 cents per week for Daily and Sunday, or 15 cents per week for Daily only. Subscribe with our agent at your town.

Mail subscribers will be supplied with Daily only at 70 cents per month; \$1 for 6 weeks; \$2 for 4 months. Sunday, \$2 per year; 50 cents for 3 months. Remit by P. O. money order to

DR. BELL'S
PINE
TAR
HONEY

"Ring out the old
Ring out the false
Ring in the new
Ring in the true"

We bring to you the new and true from the
glorious forests of Norway

DR. BELL'S
Pine-Tar-Honey

Nature's most natural remedy, improved by
science to a **Pleasant, Permanent, Positive
Cure** for coughs, colds and all inflamed surfaces
of the Lungs and Bronchial Tubes.

The sore, weary cough-worn Lungs are exhibi-
tured; the microbe-bearing mucous cut out; the
cause of that tickling is removed, and the inflamed
membranes are healed and soothed so that there
is no inclination to cough.

SOLD BY ALL GOOD DRUGGISTS
Bottles Only. 25c., 50c., and \$1.00 Sizes

BE SURE YOU GET
Dr. Bell's Pine-Tar-Honey

The E. B. Sutherland Medicine Co., Paterson, N.J.

I AM 66 YEARS OLD, and never used
any remedy equal to Dr. Bell's Pine-Tar-
Honey. It gives quick and permanent relief
to colds as well as coughs and croup. It makes
weak lungs strong.—Mrs. M. A. Metcalfe,
New York
